## Upgrade from your MCSE 2003 to MCTS on Server 2008

- Microsoft
- CompTIA
- EC-Council
- Prometric
- Sandler Training

### Microsoft Windows Server 2008 MCTS Upgrade

Overview: If you have the MCSE on Windows Server 2003 certification, you only need to pass one exam to earn all three Microsoft Certified Technology Specialist (MCTS) on Windows Server 2008 certifications.

- Microsoft Exam: 70-649 Upgrading your MCSE on Windows Server 2003 to Windows Server 2008
  - VTEC Courses: [6416](#) & [6417](#)

Passing this exam along with holding your MCSE 2003 Certification will give you the following Certifications:

- MCTS: Windows Server 2008 Active Directory Configuration
- MCTS: Windows Server 2008 Network Infrastructure Configuration
- MCTS: Windows Server 2008 Applications Infrastructure Configuration
